Judge Dismisses Berman Gibson Conspiracy Case

A charge of conspiracy to dynamite a railroad bridge against Berman Gibson of Hazard has been thrown out of federal court for lack of evidence.

The dismissal followed by a federal judge's decision in a trial of Gibson and seven alleged accomplices on the charge in which four men were convicted, three found innocent and, in Gibson's case, a hung jury resulted.

Gibson was to have been retried in federal court two days after the decision was made to dismiss the case.

The dismissal also followed by six months a Letcher Circuit Court trial of Gibson and six others on charges of armed robbery and assault with intent to kill. All seven were found innocent.

The incident for which Gibson was to have been retried allegedly took place in June, 1963, when F.B.I. agents caught four men apparently attempting to blow up an L&N Railroad bridge near Daisy.

This was during a period of labor unrest marked by several incidents of violence.

At that time, Gibson was the leader of a large group of "ro-

ing pickets," which last winter most three months a federal organized themselves into a formal body now known as the Appalachian Committee For Full Employment.

Napier Navajos Defeat Hazel Green Bullfrogs

The dedicated M. C. Napier Navajos turned a tragic homecoming into a little bit of sweetness as they ended their losing streak with a 25-20 verdict over the Hazel Green Bullfrogs at Napier field Saturday night.

Hit hard earlier in the day by the news that their head coach, Ed Wilson, had been stricken by a heart-attack, the Redskins seemed to give a 110% effort in winning their second contest of the season.

Napier scored early in the contest as Jim McAlarnis scored the first of three touchdowns on a 12 yard end sweep. Hazel Green scored the first time they got the ball as halfback Wendell House scored on a 46 yard journey.

Trailing 7-6 the Navajos scored the next two times they got the pigskin. With Martin Allen at quarterback calling a ball control type contest, the Redskins marched from their own 30 yard stripe with Jim McAlarnis scoring his second touchdown on a 20 yard run to put Napier on top 12-7.

After the Bullfrogs could get nowhere against the stubborn Napier defense the Laurel Countians punted deep into Napier territory on the 20 yard line.

Eugene Ritchie hit the center of the Hazel Green defense but found nothing and it was second down and 10 on the 20 for Napier. On 2nd down McAlarnis scored his third TD of the first half on an 80 yard venture to give Napier an 18-7 lead that the Navajos carried

with them to the dressing room 22, the Navajo ground corps was getting nowhere when coach Guy Olinger suddenly switched Mickey Fields from left end to quarterback sending Allen to end. Fields responded by hitting McAlarnis with a 22 yard pass to move the Navajos out of a hole. The aerial show was just beginning, however as Fields hit senior end William Hughes with a pass at the Hazel Green 33 yard stripe. On the very next play this same combo clicked for a first down on the Bullfrog 11 yard stripe.

At this point, Martin Allen returned to quarterback and moved the pigskin to the 6 yard line. With 1:30 left to go and the score 20-18 in favor of Hazel Green, Fields came back to the signal calling spot and on 4 and 5 on the 6 he hit Hughes with a scoring aerial to give Napier the well-deserved victory.

This was Napier's last home appearance of 1964. The Navajos close out on the road with games at Prestonsburg, Fleming-Neon and Morgan County.

At halftime Miss Barbara Childers was crowned homecoming queen for 1964 at Napier. Runnerup in the queen contest was Miss Janice Combs.

The second half of action saw Hazel Green keep its forces on the ground most of the time and score two quick touchdowns.

The first touchdown came after a Napier fumble was recovered on the Navajo 39 yard line. Wendell House capped the determined drive by scoring from 10 yards out.

Bulldogs Win EKMC Championship Title; Defeat Fleming-Neon

By Monte Gross

The Hazard Bulldog's defense staged a brilliant exhibition of football as it set up all four touchdowns and did not allow Fleming-Neon to penetrate past the Hazard 35 in the Bulldog's 25-0 win over the surprisingly tough Pirates. The victory, the eighth against no losses, clinched the Eastern Kentucky Mountain Conference championship for Coach Jack Carey's squad. It was the sixth championship in the last seven seasons for Hazard. Hazard's conference record is 6-0 with no more games left in conference action.

Hazard's ace tackle O. J. Rowe was again outstanding as he led the defensive display by intercepting one pass and covering three fumbles including one for a touchdown. Keith Reynolds, Jr., intercepted three passes and returned one 22 yards to the Fleming 28 to set up a Hazard score.

Again at this game as at the last two the entire Bulldog defense looked excellent. Both James Walker and Freddie Hogg did fine jobs in containing the outside attack of the Pirates and in placing pressure on the quarterback as he attempted to throw.

For nearly three quarters a bruising contest took place at Collins Field. Although the Pirates were unable to score they had denied a touchdown to the favored Bulldogs. Hazard had kept Fleming in their territory almost all evening and as the advocates of hard-nosed defensive football claim if you contain a team in their territory they will eventually make a mistake and you will obtain the ball in excellent field position. This theory was very much borne out by the Bulldogs against Fleming.

By keeping the Pirates in the hole most of the time, they were able to capitalize when Fleming did make an error. Midway in the third period Bill Morgan punted to the Fleming 10. After a five yard penalty pushed the ball back to the five the Fleming center's snap squirted away and O. J. Rowe covered the pigskin on the two yard line.

Three plays later sophomore David Baker went two yards for the score. Morgan added the PAT and Hazard led 7-0 with 5:53 left in the third period. On third down after the Pirates had received the kick-off Keith Reynolds intercepted a pass. On first down the Bulldogs fumbled and Fleming recovered. Again Fleming attempted to throw and Reynolds intercepted his second pass in a row, a feat not often accomplished.

In the middle of the fourth quarter Bill Morgan boomed a punt 62 yards to the Pirate 10. On third down Fleming fumbled and O. J. Rowe recovered on the 20. In three plays Hazard could gain only one yard but on fourth down Morgan tossed to Freddie Hogg who was wide open and went in for the 19 yard score. The punt was no good.

The teams then exchanged punts. Then on first down Keith Reynolds snagged his third pass of the night and re-

CARD OF THANKS

The family of Alonzo and Madge Howard wish to express the deep feeling of gratitude which we feel toward all those who so wonderfully came to our assistance through our recent bereavement.

So many friends remembered us in so many ways that it would be impossible to mention all, but to those who ministered in any way to help alleviate our burden, our hearts are very thankful. For all the consoling words, for the flowers, for the tender care given our loved one in the hospital, for the members of the Masonic Lodge, for the military personnel, for the ministers at the funeral, and for all your prayers on our behalf, we shall be forever grateful.

We wish to especially remember Dr. Reid in Broward General Hospital, Fort Lauderdale, who so kindly and painstakingly gave of his time and skill to minister to Paul during his last days.

To all, we think Paul would have said, in the dying words of President McKinley, "Good-bye all; it is his way. God's will be done."

May God bless you all.
Alonzo and Madge Howard and Family.

Why Pay Twice?

You already pay taxes to support a generous federal-state medical program for those over 65 who need it. Why pay again for a plan that isn't needed?

Surprised? Chances are you never heard of the Kerr-Mills Law, passed by Congress in 1960. We call it...Health Opportunity Program for the Elderly.

This program enables individual states, with federal assistance, to guarantee to every elderly person who needs it the health care he or she requires. Thousands of people every day are being helped by its broad benefits.

Yet, the supporters of the proposed Medicare Tax would have you believe that its passage is urgent...that persons over 65 are deprived of needed medical care because they can't pay for it.

So why pay twice? Find out about the health program you're already supporting. For information on health care for the elderly in your area, ask your doctor or contact your state or local medical society."

Hazard Homemakers Meet At Ky. Power

The Hazard Homemakers met at the Kentucky Power Company auditorium on Wednesday, Oct. 14, at 1:30 p.m. The meeting was called to order by Mrs. Ralph Peters, President.

The devotional was given by Mrs. Callie Combs who read from Psalm 89. The report on the District Homemakers meeting held at Stanton, Ky., on October 13th was given by Mrs. Peters. The theme was "Our Changing World".

The lesson "Color with YOU in Mind" was given by Mrs. Hershel Skaggs assisted by Mrs. Elmer Hall. The more you know about color and yourself, the more you can use and enjoy it.

The point was stressed that you should "Know Your Colors" to create impressions with color and the combining of colors. Use colors that belong together, pleasing harmonies result when you plan in combining different colors.

Take in consideration your skin, hair and eyes, and to try colors hold a piece of material up to your face and choose what becomes you. Each season finds certain colors promoted. Choose for yourself only the ones that become you and fit in with your plans.

At the conclusion of the lesson the hostesses, Mrs. R. B. Gregory and Mrs. J. D. LET ME SUGGEST

While we are on the subject, be like the BOY SCOUTS MOTTO, Let's be PREPARED, get those long hndiae type underwear on the line to give it a little ring, maybe some of yours has been in moth balls, above all be sure that the buttons on the flaps are sewed on. I don't think I have seen a draft so great as the ones that can suck up your breeches leg and out through this flap. Of course this holds true to you ladies your pantlooms can also cause a crazy wind to play some havoc with you also. I am sure you know what I mean. Yes, folks the winter season has SOT IN.

SORGUM TIME

Is drawing to a close, not too many of you are taking the time to make this old time LASS ES as we all knew when I was a boy, I was invited to an old fashioned stirr off not too long ago over at WESS WHITTAKERS Place on Big Creek, didn't get to make it, you that have never been to one, FOLKS you have missed something. That was one occasion when more gals and boys hitched up to perpetuate the life here in EASTERN KY. I would say that more marriages developed in the years gone by these stirr offs. In the olden days of these a boy and girl just grined at each other. Those days that constituted a love affair was not too long a courtship along with bean stringings, quiltings, and an old fashioned singing, plus the old time revival did more to bring the young together than any thing I know of, it was done in a way that a lot of respect was always present, Cos-

found my hide I believe it gained more respect of both boys and girls, than what it is today. Automobiles and the like has changed the way of our younger people of this day and time. Sometimes I wonder how these kids today maintain a car, with the high cost of gas, and etc. In my day and time of the Model "T" Ford, I had to work on Saturdays and in afternoon hours of school, yes to keep that model T on the what you might call roads of that day and time. Yes, I realize that times have changed.

Since we are on the subject of sorgum, Everett Smith from over 16 mile way, gives us a good story, it seems that his wife realized how good Cane tasted to her and the other kids in their Community, how many of you can remember sucking on cane, I sure cane, Mrs. Smith decided to plant three or four rows for the neighborhood kids. Everett told me that the kids wouldn't eat it all. I guess too much candy is available. By granny candy was a scarce article to our growing up days. Everett and his wife hated to see the Cane go to waste, so they decided to try and gin a gallon or so of sorgum, they did it too they used their washing machine ringers to gin the cane, and they made about three of four gallons. So folks this is a kind of job I would say many of you do. Which only goes to prove that the honest too goodness people that are left here in our hills can always come up with something of a miracle at time. How many of you would have thought of a washing machine wringer to get sap out of the cane? Folks keep this in mind for the next season.

Kentucky Mountains Beauty

Surpassed By None

On this beautiful October day here in Hazard and Perry County and throughout the entire mountain region, it is a strangely fascinating sight to behold and see nature in all her mystic glory. One must pause in awe and wonder—catching a wondering eye at the many tinted colors, wine red, yellow, green and brown our majestic hills, fields and woods radiate with a beauty seldom found anywhere in the world—but the sorrowing trees in all their glory are also beginning to drop their wonderful colors and it seems they are trying to decorate the grave of a passing lovely summer. We will all be sad when this marvelous beauty is no more. But we can also look forward to the day when the trees will again burst forth in another beautiful season—the glorious season of springtime.
